**SANDS' SARSAPARILLA**  
**FOR THE REMOVAL & PERMANENT CURE OF ALL DISEASES OF THE BLOOD, AND IMPURE STATE OF THE BLOOD OR HABIT OF THE SYSTEM:**  
Scrofula, or King's Evil, Rheumatism, Ointment Cutaneous Eruptions, Pimples, or Pustules on the Face, Bores, Bites, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stomach Ulcers, Syphilitic Symptoms, Sciatica, or Lumbago, and Diseases arising from an impure blood of mercury, Ascarides, or Dropsy, Exposure or Imprudence in Life. Also, Chronic Constitutional Disorders, &c.

**IN** this preparation are strongly concentrated all the medicinal properties of Sarsaparilla, compounded with other valuable vegetable extracts, the whole strength of which is extracted on an entirely new principle. The great object desired is now accomplished, in the production of a remedy possessing a controlling power over supposed hitherto incurable diseases.  
The afflicted, or those who may have been given up in despair, and all who are interested, are invited to make a trial of this valuable medicine, or to call on those who have come forward and borne public testimony of its priceless value to them, and satisfy themselves individually of its power in arresting and curing disease, and of what it has done for others.  
The following are extracts from letters recently received, and specimens of those coming to hand daily:  
GALLATIN, Tenn. Feb. 27th, 1844.

Messrs. A. B. & D. Sands:  
Gentlemen—have just received a letter from my father in Russellville, Ky., who wishes to purchase some of your Sarsaparilla. I have no doubt he can be the means of selling a great deal, as it has performed a wonderful cure in his family. Last December I was sent for to see my sister before she died, she having been in poor health for some two or three years, and at the time I went over to see her, she was at the point of death, with the scarlet fever, and a cancerous affection of the bowels, from which her physician thought she could not possibly recover. I carried over with me a bottle of your Sarsaparilla, and with the consent of her physician she commenced taking it that night. I remained with her three days, and left her rapidly improving. Her husband sent a boy home with me for more of the Sarsaparilla. I sent one dozen bottles which I believe will effect an entire cure. My father writes me to that effect, and wishes through me to procure an agency for selling your valuable medicine to that neighborhood. Respectfully,  
J. M. OWENS.

**STILL MORE STRIKING RESULTS** from the powerful and controlling influence of SANDS' SARSAPARILLA over the most dreadful diseases to which the human frame is subject.  
The following letter was addressed to our agent at Boston:

Messrs. Smith & Fowle: Gentlemen—It is with great pleasure I send you this certificate of the wonderful cure made upon my child by the use of Sands' Sarsaparilla. She had been troubled more or less with hereditary Scrofula from her infancy, which at length settled in her jaws, where it raged with such violence (her mouth and face being extremely sore and very much swollen) that she could not take any nourishment except liquids from a spoon; she soon became very much emaciated, and so weak as to be unable to raise herself without assistance. The jaw bones began to decay, and four pieces, with fourteen or fifteen teeth fell out, from the effects of this baneful, and as I feared, incurable disease. At this time her condition was dreadful to behold, and the pain was so intense that she was unable to sleep, except a few minutes at a time. She had taken other preparations of Sarsaparilla, and other medicines recommended for Scrofula, but without any good effect, and I had almost despaired of seeing my child cured, or even relieved of this loathsome and most detestable disease, when by your recommendation (for which I shall always feel grateful) I was induced to try Sands' Sarsaparilla. I procured one bottle, and after she had taken about half of the contents, I saw a decided change for the better. I continued the use of the Sarsaparilla with renewed hope—her health improved rapidly, the foul ulcers in her mouth began to heal—she rested comfortably through the night; and now, gentlemen, after using five bottles, my daughter is entirely cured—yes! I can truly say that she is better than she ever was in her life, and I attribute her cure WHOLLY to the use of Sands' Sarsaparilla. ASA F. OSBORN.  
For further particulars and convincing evidence of its superior value and efficacy, see pamphlets, which may be obtained gratis.

**C. BRINCKERHOFF'S**  
**HEALTH RESTORATIVE.**  

**NO. 6.**—The practical use of the Health Restorative being to relieve and cure those most hazardous and agonizing of all diseases, Consumption, Liver Complaint, severe Coughs and Croup, Pain in the Side and Chest. It is considered both right and proper that a statement be made more particularly relating to its properties. In the first place it is compounded of native plants, herbs, and roots, and has not sought, therefore, the adventitious aid of dangerous mineral preparations, which only palliate the heat, and retard of curing disease. The fact of the Restorative being purely vegetable, is corroborated by the testimony of the eminent Dr. Chilton of New York, who after a careful and minute examination of it, decides the truth of it, and so effectually stops cavil on that point. Further, the promptness of the action of this medicine is without doubt unparalleled; it shows such energetic action in eradicating disease and then healing the part, that the transition from impaired and enfeebled health to convalescence is astonishing and conclusive. The happiness of being the instrument of such unbounded benefit, is too great to permit this Restorative to circulate as heretofore within narrow circumscribed limits, and the Proprietor has made such arrangements with his General Agent that the remedy can be reached by all. The continual accessions of certificates stating the most touching cases of disease happily cured, prevents the possibility of their being published to any extent, but yet they are left at the office of the General Agent for examination. The following certificate is from Dr. Chilton, the well known New York chemist.

"I have analyzed a bottle of medicine called 'C. Brinckerhoff's Health Restorative,' and find that it does not contain Mercury, or any other metallic preparation, nor opium in any of its forms. It is composed of vegetable matter entirely."  
C. F. BRINCKERHOFF, Proprietor, N. Y.  
General Agent for the United States, Horace Everett.  
For sale by BALDWIN & CANDEE, Litchfield; N. H. Lyman, Goshen; Cowles & Hungerford, Wolcottville; Calhoun and Porter, Plymouth; G. D. Cowles, Farmington; and by one Agent in almost every town in the United States.

**FOR SALE.**  
**A FARM**, containing 230 acres, well proportioned to Mendon, Plowland, Pasture and Woodland.—Said Farm lies both sides of the road which leads from South Farms to Watertown, and is about two miles from the former place, and lies in the town of Bethlehem, two miles northeast from the Meeting House. There is on the Farm a large two-story DWELLING-HOUSE, suitable for one or two families; two large Barns, with suitable out buildings.—The Farm has been used for a Dairy Farm for thirty years, and will keep 30 Cows, a pair of Oxen, and a span of Horses, summer and winter; besides sufficient land to plough.—A liberal credit will be given for a good share of the purchase money, if desired.—Enquire of the subscriber on the premises.

Litchfield, June 24, 1845. 1f5

**F. BROWN'S**  
**SARSAPARILLA & TOMATO BITTERS.**  
**WHO** will or can have the least doubt but the above medicine is the best article now in use for the following complaints, (after reading the following certificates.) Bad Humors, Dyspepsia, Jaundice, Costiveness, is cured by them in a short time, after all other medicine has failed. Give them one trial, and satisfy yourselves of the truth of the above assertion.

Be sure and always ask for Brown's, as there are imitations and counterfeit articles sold, which are no more like the genuine, (which is prepared by Frederick Brown,) than cold water.  
These excellent Bitters will be found a certain cure in all cases of Indigestion or Dyspepsia, Jaundice, Loss of Appetite, General Debility, Faintness and Sinking of the Stomach, Lowness of Spirits, Costiveness, Determination of Blood to the Head, Pain in the Limbs and Side, Diarrhoea, Weakness, Dizziness, Cutaneous Eruptions on the Face and Neck, Hoarse Voice, Night Sweats, Nervous and Sick Headache, Acidity of Stomach, Bilious Affections, Piles, Costiveness, and in all diseases caused by impurity of the blood, the debility of the system, or the unhealthy state of the stomach and bowels.  
They are also extremely efficacious in restoring constitutions broken down by sedentary employments, and have been extensively used by Clergymen, Editors, Printers, Clerks, Seamen, and numerous others whose health had been injured by confinement and close application, with the happiest results. They restore the action of the stomach, increase the quantity of the blood, and impart to the system and vigor of the invalid the vigor and glow of true health.  
These Bitters are warranted to be a purely Vegetable compound—and mark this, &c. they can never do the least injury in any case whatever.  
They are kept by many persons as a FAMILY MEDICINE, and have been given to the youngest children, on account of the mildness of their operation with excellent effect.

Post Office, Egertown, Mass. May 24, 1844.  
Mr. F. Brown:  
Sir—Will you have the kindness to forward me by the schooner Enervay, now in Boston, at Central Wharf, opposite Messrs. Hewins & Fisher's store, six dozen bottles Sarsaparilla and Tomato Bitters. I am captain of a ship bound on a Cape Horn voyage, and I therefore send this to be mailed in New Bedford, so that you can send them up by the Enervay. Should I delay sending the order until tomorrow, it would be too late to send by the Enervay. By complying with the above request, you will oblige  
Yours, Respectfully,  
SYLVANUS L. PEASE, P. M.

My agent in Bath Me. Mr. A. G. Page, sent me the following, a few days since. Me. May 23, 1844.  
Mr. F. Brown:—Dear Sir—Having tested the value of your Sarsaparilla and Tomato Bitters, I take pleasure to give to you the facts of my case for your own satisfaction and the benefit of others. I have been suffering with the Erysipelas humor in my side, causing my head and arm to swell very much, and to be painful; at the same time, and for some time previous, have been troubled with a weak stomach; most of my food has hurt me, and there has been a singular faintness at the stomach, which has been increasing, and caused me much difficulty. After I commenced taking your Bitters, I could perceive a gradual and immediate relief, and would recommend it to all who are suffering from similar disorders.  
Yours truly,  
WM. DONNELL.  
BATH, Me., May 27, 1844.

Mr. F. Brown:—Dear Sir: I have for some time past suffered much from Jaundice and Dyspepsia at the stomach, loss of appetite, and trouble and pain from the least simple food, with pain in the head and sides, a slight cough, general weakness and debility of the system. After using a number of medicines without any relief, I was induced to try your Sarsaparilla and Tomato Bitters. I received immediate relief from the use of one bottle, and I feel gratified for the great relief I have received, and I would recommend it to all who are suffering from similar disorders.  
Yours truly,  
FRED'K B. SHAW.

**NEWTON CARTER.**  
THE proprietor would announce to his former customers, and to the public generally, that his house is now open for the reception of all company who wish to be provided with the best accommodations on the most reasonable terms. Having been engaged for the last five years in conducting a Public House in this city, and having taken every possible pains in constructing and furnishing this House in a style unsurpassed by any other, he does not hesitate to say, that he is now able to give entire satisfaction to all who may favor him with their company.  
Grateful to his friends for past favors, he hopes to merit and secure their future patronage. Persons stopping at this house, who have families, can be furnished with parlors and sleeping rooms adjoining.  
Hartford, June, 1845. 6m4

**HARNESS MAKING, & C**  
  
THE subscriber respectfully informs the inhabitants of Litchfield and vicinity, that he has removed to the shop in West St., 7 doors west of the Court House, where as usual he intends to carry on the above business, and where he will keep on hand, or manufacture to order, Harnesses of all kinds, Saddles, Bridles, Trunks, &c. He invites those who want work in his line to give him a call, as he has no doubt he can satisfy them both as to quality and prices.  
REPAIRING of all kinds done in the best manner and at short notice. Many articles of Product taken in payment for work.  
FREDERICK W. BROWN.  
Litchfield, April 10, 1844.

LETTER FROM NICHOLAS D. FORT, ESQ. OF ALBANY, N. Y.  
THE benefit I have derived, induces me to write to you, for the service and good of others, if you will please make it known. For the term of seven years, I have been subject to a violent dyspeptic derangement of the stomach and bowels, and consequently, I was feeble, delicate, and debilitated. When in this miserable state of health, I was seized with the influenza, attended with hoarseness and a hollow cough, and a severe pain in my right side and shoulder; fever set in, and my tongue was furred up very much. My physician prescribed among many other kinds of treatment mercurial salivation, but all without the least benefit. I could hardly get on my feet, and I expectorated full half a pint a day of what my physician called consumptive pus. I now apprehended that my case was becoming desperate, a counsel of physicians was called, but all of no avail. By the recommendation of a friend, I then made trial of Brinckerhoff's Health Restorative.—The first evening I took it diluted, but afterwards in full doses, and in exact accordance with the directions. At once a great change was perceptible in all my symptoms, which placed my system in a more composed and agreeable state. My cough and expectoration decreased, my stomach and bowels resumed their proper action, my appetite immediately revived, my tongue cleared, all the functions were harmonized, my nerves became tranquil, my body was gradually restored to a state of tone and strength. At the present time, I enjoy better health, have less torpor, and more activity of body and mind, and relief from former habitual dyspepsia, which I have experienced ever before. My cough and pains are gone, and I am well.  
For Mr. C. Brinckerhoff, Proprietor Health Restorative. } 46w15

**DR. HALSTED'S BRISK PILLS.**  
**28 PILLS FOR 25 CENTS.**  
THE Brisk Pills answer the purpose more effectually than any other Pills in use, and supercede them altogether in medical virtue and excellence.—If you doubt this, just try them—it will cost only 25 cents—and then you, too, will be satisfied. If they are not what they are recommended to be, denounce them. They are not recommended to cure every thing, but to cure every disease, which originates in the stomach and bowels. For liver affections and bilious diseases, such as dumb ague, fever and ague, intermittent and remittent fevers, the Brisk Pills possess peculiar properties for their speedy removal. From ten years experience as a practicing physician, I am convinced that none can equal them. Read what other pills do for you, and what they will cure, and if the Brisk are not superior to them all, then discard them. Do not believe all that is said about an infallible pill—that never fails to cure any disease—but try the Brisk Pills—the cheapest pills in use, and then you will have a chance to judge of their merit or demerit. As a blood cleanser, and a purifier to the system, they perhaps supercede every pill in the diseased system. They are quick and easy in their operation, giving life and tone to all the torpid organs; throwing off impure matters or humors; leaving the system clean and healthy. This is all that any medicine can do, notwithstanding the great show of words and fictitious testimonials by which many impostors are enabled to stand upon their own reputation. Let these pills stand for a fair and impartial trial. They can be asked for by old and young at any time with perfect safety. They are an excellent medicine for children having worms, &c. In a word, they possess all the qualities of an aperient pill for all family use. They have cured many diseases which no other medicine could remove. In conclusion, I say, do not despair of a cure until you have tried the Brisk Pills, for they do possess peculiar properties and virtues. Wholesale and retail by J. O. FAY & CO., 135 Fulton-st., New Buildings, New York. Also, by H. HALSTED, No. 94, Buffalo-st., Rochester, opposite the Court House, where a general assortment of Drugs and Medicines are for sale cheap. Give the call—see for yourselves. Sold by R. M. Woodruff. 6m5

**HEALTHY FAMILIES.**  
HEALTHY families are those who use the "Restorative or Persian Pills." They keep the stomach clean, the liver free, the blood pure, the appetite good, the mind brilliant; in a word, the person healthy. Those who have sallow or yellow countenances may be assured that their liver is more or less diseased; and that by taking the Persian Pills frequently, their skin will become clear and fair, their stomach will be strengthened, and they will have a healthy flow of pure blood, which will give the bloom of health. Those who are inclined to give unpleasant taste to their food, or who have an unpleasant taste in their mouth in the morning, should use these pills, for they cleanse the stomach so effectually that the breath becomes perfectly sweet. Parents and all others should bear in mind, that they are an efficient cure for the diarrhoea. No children have been known to die of summer complaints who have used these pills from the commencement of their disease, and hence the pills for will not blame yourselves, if your children die, that you did not try the Persian Pills. Price 25 cents per Box.  
Sold by R. M. WOODRUFF, and J. G. BECK-WITH. 6m5

**DR. THOMPSON'S**  
**Pelvic Corset, and Utero-Abdominal Bandage.**  
IMPORTANT TO PHYSICIANS AND INVALIDS.

THE Subscriber having purchased the exclusive right of making, using, and vending, Dr. Robert Thompson's Patent Truss and Bandage, for the cure of Prolapsus Uteri, Hernia, and diseases of the like nature, for the County of Litchfield, would take this opportunity to call to the attention of Physicians and the Public generally. This Instrument has the unqualified approbation of the Medical Faculty, in all parts of the country where it has been introduced. It is much superior to any thing of the kind ever before presented to the Public. In proof of this, we would refer the reader to the following certificate.

I have carefully examined the new Uterine Truss, invented by Dr. Robert Thompson, of Columbus, in this state, and I can confidently declare that it is unquestionably the most perfect and useful instrument of the kind for the falling of the womb ever offered to the public. It differs essentially in its construction from Uterine Trusses, and is in all respects a far superior instrument. The Doctor has conferred a great benefit on society by the invention of this Truss.  
JOHN EBERLE, M. D.  
Professor of the Theory and Practice of Medicine, in the Medical College of Ohio.

Another recommendation of the instrument is, the price being put at so low a rate, that they are within the reach of every person who may wish them. The instrument can be examined, as also hundreds of certificates from the faculty, by calling upon the Subscriber.  
T. F. DAVIS.  
Litchfield, Sept. 3, 1845. 15

**DR. SHERMAN'S MEDICATED LOZENGES.**—These medicines have already performed many almost incredible cures. They have been used by Ministers of the Gospel, some of whom have been tottering upon the very brink of the grave, and have raised them up; they have been used by all professions and classes of men, in Coughs, Colds, Consumption, Asthma, and various diseases of the Lungs, and found to be more effectual than any medicines used. They have destroyed more Worms, and saved more children from an early grave, than any other preparations in the world; and they have relieved more Headaches, Palpitations, Nervous Affections, Rheumatism, Pains, &c. than any other preparation that was ever recommended to the world. The testimony of those who have been cured by their use, or rather, some of the most striking and desperate cases, have been published in pamphlet form, which may be had from all Agents who sell the Lozenges and Poor Man's Plaster.—Were it desirable, an overwhelming mass of the like testimony could be produced to show that Dr. S's Lozenges are the very best medicines in the world. They are strongly concentrated, and in every grave case of disease, and inspection of a skillful physician, and are offered with perfect confidence, as they have been before the public for more than five years, and have never been known to do any injury, or produce the least dissatisfaction with those who have used them according to the accompanying direction.

**ANIMAL CHEMISTRY.**  
A question, that means can be so chemically combined as to act upon the absorbent system, and remove various accumulations, which, if allowed to remain, would create disease, pain, troublesome tumors, morbid swellings, and in fact all kinds of human system, a remedy has been discovered, and is now applied and rendered successful, in removing painful swellings, pain in the side and back, scrofulous tumors, King's Evil, enlargement about the neck and throat, acute and chronic enlargements of the spleen, &c. &c. One thing should be borne in mind by every physician, and it is a well known principle of medicine, in general, to use every thing else, in case of gatherings or painful swellings in the breasts of those who nurse. Those who are in the habit of being troubled in this way, should use it before any symptoms of hardness are manifested. No exposure to cold will have any effect on the parts where this application is worn. When the breasts are painful, there are no means which can be used that will give so quick and certain relief as this. Those who do not wish to suffer must bear the above in mind, and use the means here specified; for it never fails in this disease, neither can it fail. The reader can readily see, if it can soften and subdue such inflammations, how much importance it would be to use in cases of weak backs, spinal irritation, and in fact all kinds of weakness or inflammation. As an external application in Liver Complaints, pain in the hips and shoulders, it has no equal; and as a pain extractor, there is no magical drops or liniments that will compare with the few Drops, or HERREW PLASTER—this is the remedy, and it is a well known principle of medicine, in general, to use every thing else, in case of gatherings or painful swellings in the breasts of those who nurse. Those who are in the habit of being troubled in this way, should use it before any symptoms of hardness are manifested. No exposure to cold will have any effect on the parts where this application is worn. Those who do not wish to suffer must bear the above in mind, and use the means here specified; for it never fails in this disease, neither can it fail. The reader can readily see, if it can soften and subdue such inflammations, how much importance it would be to use in cases of weak backs, spinal irritation, and in fact all kinds of weakness or inflammation. As an external application in Liver Complaints, pain in the hips and shoulders, it has no equal; and as a pain extractor, there is no magical drops or liniments that will compare with the few Drops, or HERREW PLASTER—this is the remedy, and it is a well known principle of medicine, in general, to use every thing else, in case of gatherings or painful swellings in the breasts of those who nurse. Those who are in the habit of being troubled in this way, should use it before any symptoms of hardness are manifested. No exposure to cold will have any effect on the parts where this application is worn. When the breasts are painful, there are no means which can be used that will give so quick and certain relief as this. Those who do not wish to suffer must bear the above in mind, and use the means here specified; for it never fails in this disease, neither can it fail.
